

Donna Korvas Kohli: Graduated from Whitmer High School in 1958. Status: Married.

After graduating from Whitmer I attended the University of Toledo and graduated in 1962 with a Bachelor of Science degree in Education. I met my husband Bob at UT where he was an Engineering student. Bob graduated from the University of Toledo in 1963 with a degree in Civil Engineering. He received his Masters degree in Engineering from the University of Dayton. We were married in February of 1965.

After teaching first grade for many years I am now retired and Bob is also retired from his position in the engineering department at the Ford Motor Company.

We have three daughters that have graduated from college, gotten married and moved away. Kristie, our oldest daughter, lives in Knoxville, Tennessee; Kelly, our middle daughter, lives in Fort Wayne, Indiana and Kara, our youngest daughter, lives in Pittsburgh, Pennsylvania. We are grandparents to seven grandchildren. The youngest is 2 and the oldest is 9.

Bob and I spend part of the year in Lima, Ohio at our home, but our summers are spent at our Lake House on Devil's Lake in Michigan. The month of March we can be found in Naples, Florida enjoying the warmer weather.

Favorite Memory of Whitmer High School: My memories include days of Driver Education classes with Mr. Hersland and trying to get through Chemistry class with Mr. Foster. I also enjoyed working with my classmates on the Homecoming floats and volunteering on many school committees. I remember the excitement of running for a class office, being a member of the Student Council and the National Honor Society and trying to keep my grades up so I could get into College. How quickly time goes by!
